Attention Business/Financial Editors:
Calfrac announces 2010 capital program and semi-annual dividend

/NOT FOR DISTRIBUTION TO U.S. NEWS WIRE SERVICES OR FOR DISSEMINATION IN

THE U.S./

CALGARY, Dec. 9 /CNW/ - Calfrac Well Services Ltd. ("Calfrac" or the "Company") (TSX-CFW) is pleased to announce a capital budget of approximately \$45 million for 2010 projects. The capital program will focus on further bolstering the infrastructure and logistical capabilities of Calfrac's Canadian operating division, as it continues to expand its presence in the Montney and Horn River basins. The program also includes additional investment in high rate pumping equipment in response to increasing customer demand for high rate completions in the emerging unconventional plays. Additional capital is also being allocated in respect of equipment and facilities in support of Calfrac's growing Russian operations. Calfrac also plans to deploy additional high rate fracturing equipment to its United States operating fleet, which will provide additional flexibility to the Company as it continues to broaden its presence in the United States pressure pumping market. In addition, approximately \$11 million remaining from the Company's 2009 capital program is expected to be spent in the first quarter of 2010.

The 2010 capital program, combined with the acquisitions of the fracturing division of Pure Energy Services Ltd. and of Century Oilfield Services Inc. completed in the second half of 2009 demonstrates Calfrac's continued commitment to expanding its operational capabilities and geographic presence in a prudent manner, while maintaining a strong balance sheet through a period of uncertain oilfield service activity on a global basis. As it has done in the past, the Company will continue to evaluate opportunities for adjusting capital investment in 2010 as greater visibility unfolds.

Calfrac is also pleased to announce that its Board of Directors has declared a dividend pursuant to its semi-annual dividend policy. The dividend of \$0.05 per common share will be paid on January 15, 2010 to shareholders of record on January 4, 2010.

Calfrac's common shares are publicly traded on the Toronto Stock Exchange under the trading symbol "CFW". Calfrac provides specialized oilfield services to exploration and production companies designed to increase the production of hydrocarbons from wells drilled throughout western Canada, the United States, Russia, Mexico and Argentina.
